

Advansix was recognized in April 2018 by the American Chemistry Council with [Responsible Care Facility Safety Awards](#).

At the Responsible Care conference, several of our sites were given Certificates of Honor and Excellence for their safety performance, based in part on having no lost work days to injuries or other incidents. Colonial Heights achieved a Certificate of Excellence and Hopewell and Frankford each received Certificates of Honor.

Advansix adheres to the [Responsible Care](#) standards set forth by the American Chemistry Council. This year marks the 30th anniversary of the ACC's Responsible Care initiative. Since 1988, Responsible Care has helped ACC member and partner companies significantly enhance their performance and improve the health and safety of their employees, the communities in which they operate, and the environment.
